

Premeno[®] duo

Improves vaginal moisture balance,
Hormone free and helps to heal vaginal sores.

Vaginal dryness can be very unpleasant in everyday life. It causes irritation and pain and even small tears (fissures). This can result in itching and inflammation. The use of **Premeno[®] duo** can reduce these symptoms which are caused by vaginal dryness.

Premeno[®] duo vaginal ovules restore vaginal moisture and provide rapid relief. Women in the menopause who are not taking hormones can effectively combat the changes in the vaginal skin in this phase of life with **Premeno[®] duo** ovules.
